GIN INSURANCE

The season for insuring gins is about here, and I am better equipped than ever to handle this class of business. My companies' rates are as reasonable as the hazard will admit and are as low as any reliable company.

I am also in position to insure country property—i.e. dwellings and country stores.

Nothing but Reliable and Strong Companies Represented

I am agent at Bryan for the
Oliver Typewriter, the only stand-
ard visible writing machine.

TOOK A HALF HOLIDAY

Monster Festival Held to Increase
Citizens' Fund.

FEVER GERM FOUND.

It is Thought That a Bacteriologist
of New Orleans Has Discovered
It, but No Publication
at This Time.

New Orleans, Sept. 16.—New Orleans took a half holiday to-day and participated in a monster festival arranged to swell the citizens' yellow fever fund. The festival was preceded by a parade that was witnessed by large crowds in the business section. The weather was ideal and a spirit of enthusiasm pervaded the participants, resulting from the belief that the trifling number of deaths being reported in the second half of the worst yellow fever month indicates the fight against the fever is almost won.

Dr. Hamilton P. Jones, who is surgeon in charge at the emergency hospital, announced at a meeting of the board of trade that he believed Dr. Archibald, the eminent local bacteriologist, who has been at work in a laboratory, has discovered the germ of yellow fever. Nothing will be officially published until investigations are complete. In connection with the emergency hospital Dr. Jones said the most expensive equipment had been purchased with the view to its transfer to a permanent isolation hospital when it shall have been established.

The remarks by Rev. Dr. Beverly Warner, Dr. Magruder and others at the same meeting, indicated that as soon as the fever is over the movement will be pressed here to completely divorce the health boards from politics. The president of the state board is now appointed by the governor and president of the city board elected by the city council. It is proposed to ask legislation which will permit medical societies to suggest the names of physicians from whom these officers are to be selected. "We all knew," said Dr. Magruder, "there has been lamentable lack of confidence in our authorities in surrounding states. We should work in every manner to overcome this condition of affairs. The people of surrounding states know when we report a certain number of cases there are just that number of cases here and no more."

Dr. Richards sent an encouraging report from camps on Bayou Barataria, saying there are no new cases and no deaths in the camps under his charge, and those who were ill have recovered. He considers he killed all mosquitoes in the vicinity, and if there are cases in that neighborhood hereafter they will be imported.

Up to noon Saturday there were
There were three new cases at
Natchez up to noon Saturday.
twenty-two new cases and one death.

Four More In Hospital.

Cincinnati, Sept. 16.—Four more people who came here from Tallulah and Lake Providence, La., to escape yellow fever were taken to a hospital, having developed some symptoms.

PUGILISM VS. POLITICS.

Wille-Ruhlin Bout Again Put Off Owing to Primary Meetings.

Salt Lake City, Sept. 16.—For the second time the date for the twenty-round match between John Wille and Gus Ruhlin has been changed. It was first set for Sept. 27. Then it was learned that the Republicans primaries were to be held on that night. The 28th was next chosen and it developed that the Democrats had taken that night for their primaries. Sept. 26 is the time as matters now stand.

BOSTON'S SORROW.

City Hall Draped in Mourning and
Flags at Half Mast.

Boston, Sept. 16.—The funeral car bearing the body of the late Mayor Collins arrived here Saturday. The body was taken to an undertaking establishment in South Boston. Later it was removed to his home in the Brighton district. The city hall has been draped in mourning garb and flags were at half mast everywhere throughout the city.

To Examine Wreck.

Helsingfors, Sept. 16.—Divers arrived at Jakobstad to thoroughly examine the wreck of the British steamer John Grafton, which was sunk by her crew Sept. 10 after landing a portion of her cargo of arms and ammunition on a barren island in the Gulf of Bothnia. Among the steamer's salvaged cargo were boxes of bombs and explosives that had been bound, besides rifles already reported. Investigations of authorities have thus far failed to throw much light on the incident.

For False Imprisonment.

Waco, Sept. 16.—Dr. Ed B. Smythe of Mart was fined \$100 in the county court, the charge being false imprisonment. The prosecution grew out of an arrest on Smythe's order while he was serving as judge at the election of trustees of the Mart high school, last May.

FUR FACTORY BLOWUP

Explosion In Establishment Brings
About a Panic.

SEVEN DEATHS OCCUR

There Was No Way of Coping With
the Flames and the Crowds on
the Outside Witnessed Vic-
tims Roast.

Avon, Conn., Sept. 16.—The explosion of a fuse followed by a fire in a building of the Climax Fur company here caused a panic among twenty employees in the building and resulted in the death of seven and injury that will doubtless prove fatal to several others.

There was no way of coping with the flames, which soon spread rapidly, and in less than an hour after the explosion occurred those who were unable to escape were in the clutches of a fire that eventually burned their bodies to ashes. As the day wore on the great crowd that collected saw the bodies of men and women roasting in the fire and were powerless to check the flames.

The exact cause of the accident may never be known, but it is the accepted theory here that in an effort to burn out a stoppage in one of the machines, a workman caused an explosion of a fuse with the hot iron he held in his hand.

ALMOST CLOUDBURST.

Four Inches of Water Fell and Damage
Is Considerable.

Kansas City, Sept. 16.—An unusually heavy rain storm amounting to almost a cloudburst in proportions and accompanied by a high wind in western Missouri and eastern Kansas Friday caused serious damage to property and the loss of at least four lives. An average of four inches of water fell. All streams rose rapidly.

At Maxon Kan., a woman and her three children, names not known, were drowned in the destruction of the railroad camp. A man and another child of the same family were forced to spend the night in a tree, from which they were rescued.

At Leavenworth several store fronts were blown in and other damage was done.

Worst of the Year.

Omaha, Sept. 16.—Western Iowa and eastern Nebraska were visited Friday night by the worst wind and rain storm of the year. At Omaha and Council Bluffs extensive damage was done and the loss by wind and flooded basements will reach many thousands of dollars. The storm reached the proportions of a tornado at Burwell, Neb., where on person was killed, six injured and \$50,000 damage done to property.

PLUNGED OVER BRIDGE.

Occupants of Automobile Pinioned Underneath, but None Killed.

Wichendon, Mass., Sept. 16.—An automobile containing members of the party accompanying Governor R. B. Glenn of North Carolina plunged over a ridge on the road to Royalston here Friday and landed at the bottom of a ditch, pinioning the occupants underneath.

The injured are: J. C. McNeill, editor of the Charlotte, N. C., Observer; badly cut about the head.

Guy Townsend, of Winchendon, knee injured and back sprained.

The motor car containing Governor Glenn was directly behind the automobile which met with the accident, and only the prompt action of the chauffeur avoided a collision between the two cars, as the first machine swerved from its course and crashed into the ditch.

FIRE AND ROBBERY.

While Occupants Fought Flames Large
Amount Was Stolen.

Los Angeles, Cal., Sept. 16.—The home of Dr. W. W. Ordway was set on fire and while its occupants were fighting the flames the incendiaries stole a hand bag containing \$130,000 government bonds and \$500 in gold. They took the money, threw the bag and bonds into the fire and escaped. The bag was recovered before it had been destroyed, though many of the bonds were badly scorched.

DEEDS OF A DEMON.

Assaults Lady Kills One Son and Badly Cuts Another.

Memphis, Sept. 16.—A Commercial Appeal special from Conway, Ark., says that a negro has assaulted Mrs. Lawrence, a white woman, killed her eldest son to prevent his giving an alarm and badly cut her three-year-old boy with a knife. Mrs. Lawrence was also seriously injured. The negro escaped.

New Minister of Interior.

Tokio, Sept. 16.—The resignation of Viscount Yoshihikawa, minister of the interior, has been accepted. Baron Kiyoura, minister of agriculture and commerce, succeeds Viscount Yoshihikawa, while retaining his original post.

SUNDAY, SEPTEMBER 17.

Texarkana will try to forfeit the franchises of the water, light and traction companies because of alleged breach of contract.

A Maybank banker named Eu-
bank is in trouble with the federal
authorities at Dallas. With that
many banks to bank on he ought
be able to make a clearing.

Manual training is popular and
successful in the Dallas public
schools and the expense is light.
The boys are taught woodworking
and the girls domestic science.

The Houston & Texas Central
railroad has inaugurated a special
through cotton train from Denison
to Houston, where it will be taken
without delay by a new train crew
to Galveston.

LIFE IN OIL FIELDS.

A Sample of Oil Brought to the Eagle
Office—Taken from Wells Place.

Mr. Phil Trant came into the Eagle office yesterday with a ten ounce bottle half full of as good oil as you will want to see, which came out of a well bored the past week on a tract of land known as the Wells place, that belongs to Rev. McMahon of Navasota. It is a half mile south of the Schumaker well, and a mile and a half from Keith.

The well was drilled at the instance of a Houston syndicate, who agree in case as much as a half barrel of oil like this sample can be produced from a single well, to pay \$10,000 for 100 acres of land surrounding it. The well that was finished a few days since, and which produced the oil now on exhibition at the Eagle office, would not yield the required amount, and three days since the drillers removed their rig to another part of the tract, and were rushing boring to bring in their new well yesterday.

Meanwhile, Dr. Plotts, who has

spent two years in drilling in this field, has a well about ready to bring in, and has suspended operations and sent to Houston for an expert driller to finish the job and bring in the well.

Mr. Trant says a company are preparing to drill a well at Lamb Springs. This is probably the same company referred to in the following article from the Navasota Examiner. The Examiner says: "We can say authoritatively, the Mineral Springs people have made a trade with Mr. T. A. Williamson, who represents capital sufficient to make all necessary tests, and that actual work of drilling will begin within three weeks unless unforeseen accidents occur. A rig was shipped three days ago and is expected to arrive at Anderson at any time, from which point Mr. Will Mabry has contract to haul it across the country to the field."

Mr. Trant says that he believes that the people who are now at work in this field are going to make a real effort to develop it. They take leases that provide for forfeiture if well is not finished in 30 days; also if drilling is discontinued within a certain time; contracts that indicate that they mean business.

The Eagle would like to see an oil field brought in over in Grimes, and we believe it is there, too.

TAYLOR STOCK COMPANY.

Regarding the opening attraction coming to the Grand opera house in this city Monday night, Sept. 18, the Galveston News of Friday says:

The Albert Taylor Stock Company again found favor at the Grand last night in "A Country Lawyer," an arrangement by Mr. Taylor of "Puddin'head Wilson," in which Frank Mayo made a success several years ago. Mr. Taylor gave an excellent interpretation of the character of the droll eccentric country lawyer with its mingled pathos and humor—a role which suits Mr. Taylor's methods admirably. In the final argument before the jury, Mr. Taylor was at his best, and worked up the climax most effectively.

He was ably supported by the members of the cast, who put spirit and life into their respective roles and allowed no lagging or dullness.

Puddin'head Wilson is a country lawyer who has waited twenty years for a client. He is considered eccentric and not quite of sound mind on account of peculiarities which are not appreciated by the simple country folk. He has a theory of thumbmarks proving the identity of individuals which has been laughed at by his neighbors, but when two children, one white and the other colored, who had been mixed in babyhood, are finally restored to their proper social positions by means of thumbmark identification,

the country lawyer is acclaimed a hero. Puddin'head is no longer considered a fool, but a genius. As Mr. Taylor himself expresses it, "The only difference between a genius and a fool is that one is successful and the other isn't." The Albert Taylor company has been a regular visitor to Galveston for several years, but has never been so thoroughly equipped as this season. The company is a good one, the plays are well selected, and among the specialty artists is a trio of contortionists, the Ronalds, who are closely related to the same family and are genuinely clever and do some remarkable feats.

FOSTER-PHILLIPS.

Mr. Ivey Foster was in the city yesterday having just returned from Mart. Mr. Foster and Miss Cora Phillips of Mart were married in Waco Sept. 5, by Rev. McJunkin, and have since been visiting in Mart and Taylor. Mr. Foster, who is manager of the A. and M. College laundry, came down Friday to secure a home at College for himself and his bride, who will arrive in a few days.

The bride is a daughter of Mr. and Mrs. M. R. Phillips of Mart, formerly of Bryan, and a beautiful and popular young lady who has many friends in this city.

Mr. Foster is an energetic young business man who has made his home in Bryan a number of years and is well known and much esteemed.

CARD FROM SUPT. MINTER.

To the Patrons of the Public Schools: An examination will be held at the Graded school building on Monday at 2 p. m. for the benefit of new pupils, and for those who failed of promotion last June. Pupils will please bring paper, pencils, etc.

Yours truly,
T. S. Minter.

DIED

On September 13, William Travers, infant son of Mr. and Mrs. W. R. Ball.

A drop of dew that all the night
Lay hidden in the bosom of a rose,
One morning was exhaled,
Wafted by angels' wings into Heaven.

J. L. M.

OCCUPATION TAX NOTICE.

Notice is hereby given that occupation tax is now due and all parties liable to same are hereby requested to call at the office of the city secretary and make payment of same as the law requires.

C. M. Spell,
City Secretary.

FATAL COLLISION.

Train and Locomotive Come Together and Two Killed and Many Hurt.

Kimmel, Ind., Sept. 16.—Two persons were killed and a score were injured in a collision between eastbound passenger train No. 14 and a light engine on the Baltimore and Ohio railroad one mile west of here early Saturday. The light engine, which had been stationed at a siding waiting for No. 14, had pulled out onto the main line to a distance which made it impossible for passing trains to clear it, and as the passenger train came by at a high speed it was "sideswiped" by the passenger engine and the three forward cars were completely wrecked. A majority of those injured were cut by flying glass and debris. Engineer Stephen Snyder of Garrett, Ind., was killed beneath his engine, and Baggage man Frank Smoolz of Chicago Junction, Ill., was pinned beneath the wrecked baggage car. A tramp known to be stealing a ride is thought killed.

SEEK BARBER'S LIFE.

Bomb Demolishes Front Door of Shop and Blackmail Tried.

New York, Sept. 18.—A bomb thrown against the front of Cashino P. Liotta's barber shop in Flushing avenue, Brooklyn, Saturday. The explosion blew in the front door and windows and tore up a portion of the floor. Liotta has received twenty-five threatening letters within a year, and within a week the writer of one informed him that he would be killed if he did not put \$600 where it could be found by the writer.

When the bomb exploded three families, including that of Liotta who lived in the building, fled from it in a panic. Liotta carried a revolver and opened fire on a policeman, who came running to find the cause of explosion, but the bullets went wild.

RADICAL WRITERS.

Diversity of Opinion as to Attitude Toward National Assembly.

St. Petersburg, Sept. 16.—At the meeting here of prominent radical writers of Russia to discuss the attitude toward the national assembly it developed a divergence of opinion. The majority endorsed the platform adopted by the League of Emancipation at Moscow, favoring active participation in elections to and sessions of the assembly, but solely with the purpose of making a constitutional assembly and adopting a policy of instruction toward all business except construction of government system. The minority favored entire boycott of the assembly.

MET TO PROTEST.

Fifty-Three Anti-Jewish Societies Oppose Government's Attitude.

New York, Sept. 16.—Delegates representing fifty-three anti-Russian societies met on the East Side to protest against what they termed the friendly attitude of the United States toward the Russian government. After a spirited discussion it was decided to have a monster protest parade of Russian Jews Monday, calling attention to the sufferings of their people. All Polish societies are to march and labor organizations of East Side will be asked to join the parade.

MARRIES MARTIN AGAIN.

Nan Patterson United in Wedlock Once More to Former Husband.

Washington, Sept. 16.—Nan Patterson, the actress, who was tried for murder of Caesar Young, in New York, married her former husband, Leon Martin, from whom she was divorced about three years. The ceremony occurred at the home of the bride's father, this city, Saturday afternoon. Mr. and Mrs. Martin will reside in New York, where the former manages a hotel.

TAFT AT YOKOHAMA.

There Was No Formal Reception, All Visitors Calling at Hotel.

Yokohama, Sept. 16.—Secretary of War Taft arrived here and received visits from distinguished citizens. A large number of local Japanese and foreign residents called. There was no formal reception, the visitors calling direct upon Mr. Taft at his hotel. After he was the guest of Otani, a prominent merchant of this city.

AGAIN BUYS COTTON.

Last Year Jap Purchased Nearly Half the Output of Oklahoma.

Oklahoma City, Sept. 16.—M. Warakai, American representative of the house of Nitsu, the great trading company of Japan, and probably the biggest concern of the kind in the world, is in Oklahoma City for an indefinite time. He will buy Oklahoma cotton and other products. Last year Mr. Warakai bought nearly half the output of cotton of Oklahoma and shipped it to his country. He claims that Oklahoma cotton suits his people much better than that of any other section.

GAS WELL IGNITED.

Katy Railway System Will Build From Asher to Whitesboro.

Sulphur, I. T., Sept. 16.—The gas well that was brought in here a few days ago was ignited and has burned over thirty hours. The discovery of gas caused considerable excitement here.

Commissioner Swords of the Sulphur reservation has been advised by Katy officials that that system will at once build a line from Asher, Okla., to Whitesboro, Tex., via Sulphur and Ardmore.

Woman's League Formed.

New York, Sept. 16.—At a meeting here the Woman's National Democratic league was organized. Mrs. Crosby was elected president. Promoters of the league are endeavoring to carry out plans of organization covering the whole country.

Opening Display OF THE NEW AUTUMN STYLES

In Men's Fall Suits

We are now ready for your inspection of the newest Fall Styles in Men's High Grade Suits. After months of work and preparation we are prepared to show you the largest, most complete and handsomest stock of perfect fitting Clothing ever brought to this section of the state. Our tables are loaded down with the choicest Autumn patterns in worsteds, cheviots, and cassimeres, everything that is new and correct can be found in our immense assortment, all from the workrooms of the best makers in the land and at prices far below what you would pay for the same goods in the larger cities.

The correct fabrics for this season are the new steel grey worsteds and cheviots and the dark fancy worsteds. The most popular style coat will be the three-button double breasted sack; the coats are slightly longer than last season and the lapels are very broad, making an unusually handsome and attractive garment.

We call your special attention to our range of suits at

\$12.50, \$15.00 and 18.00

At these prices we are showing the largest and handsomest assortment of patterns and the best values ever offered in Bryan.

HIATT KILLED.

Traveling Representative of Piano House Shot to Death at Palestine.

Palestine, Tex., Sept. 16.—R. J. Hiatt, a musical instrument drummer, traveling for the Jesse French Piano company, was fatally shot Friday evening by an officer endeavoring to arrest him, after he had shot A. P. Henderson, manager of the local telephone exchange, breaking Henderson's thigh. Hiatt and Henderson had a difficulty about telephone service, in which Hiatt's nose was broken. This occurred at noon.

About 6:30 in the evening Hiatt, meeting Henderson in the Ruby saloon, opened fire, saying: "You broke my nose; I'll fix you." He fired three shots, one of which shattered Henderson's thigh.

Policeman Ottie Rogers caught Hiatt and disarmed him, when he broke and ran into the corridor of the Landell hotel and up the stairs, where he was overtaken by both Policemen Rogers and Watts, and in a scuffle ensuing was shot through the bowels. Doctors were immediately summoned and everything possible done to relieve the suffering of the wounded man, but after thirty minutes of terrible agony death came to his relief.

Mr. Henderson is at a sanitarium. His wound is serious. Officer Rogers was jailed.

CAMPAIGN CONTRIBUTION.

It Was Promised to Treasurer of the Republican Committee.

New York, Sept. 16.—On the stand in the Insurance Investigation George W. Perkins produced a check for \$48,000 drawn by the New York Mutual Life Insurance company Dec. 20, 1904, payable to J. P. Morgan & Co. Mr. Perkins testified that this check was a contribution to the National Republican committee and was promised to Cornelius N. Bliss, treasurer of the committee.

Mr. Perkins said the same thing was done in 1896 and 1900. The reason for these contributions, he said, was that the company feared its assets would be endangered in case of Democratic success.

SIGLER'S TRAGIC WORK.

Attempts to Kill His Wife and Daughter and Takes Own Life.

Little Rock, Sept. 16.—Hiram Sigler, a hostler fifty-four years old, attempted to kill his wife and daughter Friday night and then committed suicide by swallowing carbolic acid. Mrs. Sigler is badly burned by carbolic acid, which her husband tried to force down her throat, but she will recover. Sigler chased his daughter from his house, but she escaped and gave the alarm. Sigler left his wife two weeks ago, and since that time had threatened to kill his entire family.

Threatened race war at Wilburton I. T. has subsided.

Concrete work on extension of Galveston seawall is completed.

Great preparations are being made for Tuberculosis congress at Paris.

Henry Randall was killed by a team at Corrigan, Tex.

Chief of Police Collins of Chicago has received anonymous threatening letters.

Cincinnati, Hamilton and Dayton railroad has been sold to J. P. Morgan & Co.

Four hundred Apache Indians have been holding a green corn dance at Fort Sill.

Hon. John C. Meade of Bonham, Tex., died at Chicago from a surgical operation.

By the accidental discharge of a shotgun A. E. Johnson lost his life near Jewett, Tex.

Major and Mrs. L. L. McInnis opened their beautiful home Friday evening to the younger set of boys and girls for a merry party given by the boys of the set as a compliment to the girls. The lawn and verandas were provided with chairs and settees and a delightful evening was spent with music and conversation. About twenty couples were present. Sherbet and cake were served.

The final meeting of the Linen Sewing Club was held Friday afternoon with Miss Gene Dennis and the members made the most of their last party before school opens and had a jolly time playing "Pit". Miss Sadie Battie captured the prize, a pretty cut-glass bon-bon dish, and Miss Lena Searcy was consoled with a hat pin. Chocolate almonds and salted almonds were passed during the games and a dainty salad course followed, after which the club adjourned until the "good old summer time" comes round again.

The Needleworkers had two other pleasant meetings during the week, one with Miss Lola Betts Thursday afternoon and another with Miss Minnie Barrow yesterday morning.

Forty-two was the diversion at each meeting and the hostess Thursday served cream and cake and Miss Barrow a salad course.

WILL AGREE TO DEMAND.

Independent Employing Printers Likely to Sign Up With Union.

Chicago, Sept. 16.—Developments Friday in the controversy between the Chicago Typographical union and the master printers indicate that the independent employers will agree to the demands of the union and that the fight will finally simmer down to a struggle with the Chicago Typotetate.

But one additional strike was called because of a refusal to sign the eight-hour day agreement and this was in an independent establishment employing only two men.

SOCIAL and Club Matters

The Needleworkers gave their final entertainment for the season on Wednesday evening at the residence of Mr. and Mrs. D. C. DeMarct. The opening of schools on Monday next brings to a close an unusually bright and merry vacation for these young seamstresses whose needles and thimbles will be laid aside for books and dinner baskets. The members of the club acted as hostesses of the occasion, and there were present guests numbering about one hundred boys and girls. The club prize, a handsomely embroidered sofa pillow bearing the name of each club member, was awarded to Miss Irene Board. In a contest called "hidden telegrams," which consisted in evolving the most effective telegrams out of the names of the club members, J. J. Adams received the boys' prize and Miss Lillie Barrow the girls' prize. Much interest centered in the contest. After refreshments of cake and cream were served, the guests disbanded with the memory of a genuinely happy time as the distinctive feature of the last meeting of the Needleworkers.

One of the most thoroughly enjoyable social events of the week was the dance given Friday evening by the Bachelorettes Club complimentary to the young men of the K. M. Club at Mike's hall. The young men of the club have given a series of pleasant dances during the summer, and the young ladies of the Bachelorettes club have returned the compliment in the most charming and successful way. The spacious room was attractively decorated for the occasion, a pretty feature being a Japanese cozy corner. The Bachelorettes colors, red and white, were brought out in the pretty slipper programs. Good music was provided, and the grand march was led by Mr. Ernest Ette, president of the K. M. Q. Club and Miss Hattie Ray Harbers, president of the Bachelorettes. During an intermission a salad course and ice cream and cake were served. About twenty couples were present and Mr. and Mrs. G. M. Brandon, Mr. and Mrs. H. G. Rhodes and Mr. and Mrs. T. K. Lawrence were the chaperones.

The Bachelorettes have gained some distinction in their round of summer parties by novelty and originality in their methods of entertainment. The club members were entertained this week at the hospitable home of Mr. and Mrs. L. L. McInnis with Miss Malcolm as hostess. As a sort of burlesque on the gravity of the situation confronting the housekeepers of Bryan, whose cooks prefer picking the fleecy staple to tamer duties of the kitchen, the entertainment offered diversion in the decorations and menu suggestive of the cotton season. The score cards were pen and ink sketches of representative cotton pickers. The appropriateness of the affair caused much merriment and the "happy thought" reached the climax in the liberal spread of corn-bread, bacon, and sweet potatoes with which the fair players were regaled at the conclusion of the game. They were served with gingerbread while the game was in progress. All the club members were present with Misses Frances and Esther Davis as special guests. The club will meet with Miss Hattie Ray Harbers next week.

The final meeting of the Linen Sewing Club was held Friday afternoon with Miss Gene Dennis and the members made the most of their last party before school opens and had a jolly time playing "Pit". Miss Sadie Battie captured the prize, a pretty cut-glass bon-bon dish, and Miss Lena Searcy was consoled with a hat pin. Chocolate almonds and salted almonds were passed during the games and a dainty salad course followed, after which the club adjourned until the "good old summer time" comes round again.

THROUGH TEXAS

The I. & G. N. R. has many fast trains through Texas, traversing the greatest portion of the state, and reaching nearly all of the large cities, affording travelers every convenience and comfort to be found on the modern railroad. High-class equipment and power, seasonable schedules, splendid dining stations, Pullman Buffet sleeping cars, and courteous agents and train attendants.

DIRECT TO ST. LOUIS

The I. & G. N. R. in connection with the Iron Mountain system, operates four limited trains daily between Texas and St. Louis, the service being four to eight hours quicker, and 100 to 150 miles shortest. These trains have Pullman Buffet Sleepers and Chair cars through without change, and connect morning and evening in Union Station, St. Louis, with all the Northern and Eastern lines. A la carte dining car service between Texarkana and St. Louis.

DIRECT TO OLD MEXICO

The I. & G. N. R. in connection with the National Lines of Mexico, operate four fast trains daily between Texas and Mexico via Laredo. The time from San Antonio to Mexico City being only 34½ hours, or a day and a half, and 302 miles shortest. Correspondingly as quick from all Texas points via I. & G. N. The cities of Monterrey, Saltillo, San Luis Potosi and Mexico City are reached directly in through Pullman Buffet Sleepers without change. This route also forms the new short line via Monterrey to Torreon and Durango, direct connection with through sleepers to and from Durango being made at Monterrey.

Excursion rates periodically.
